## CONGRESS BEGINS ITS LEGISLATIVE GRIND

### Way of Standpatters Is to Let the Insurgent Republicans Kill All Time Possible.

WASHINGTON, Dec. 6.—Artemus once declared "Shakespeare rote phase," but he wouldn't have succeeded as the Washington correspondent of a daily paper. "He lacked the fancy and imaginashun."

No time of the year are the insidious qualities which Shakespeare had more in evidence than at the opening of Congress. The lawmakers of the nation would have to work day and night for a century to pass the measures which Washington standpatters allege will be passed.

As a matter of fact, the first regular session of the Sixty-first Congress was called to order today and soon after adjourned out of respect to the dead, will probably do little in the way of constructive legislation than has been done at any of the short sessions for years past, for the House of Representatives is a body divided against itself. And entirely or principally along party lines. The Republican insurgents are pulling up their loins to do a lot of good, but their activity will result in nothing more than words, words. The regulars are simply prepared to stifle anything that has the appearance of general legislation. The more the insurgents talk in heated conversation, the more the regulars will enjoy it. Talk will kill time, and the assassination of time is the real, if not the avowed purpose of the Sixty-first Congress.

There is a real grief in evidence among the members of the House today over the death of Congressman Edmund. The terrible fate which befell the Missouri statesman has cast a gloom over the Democrats, who have lost their ablest leader, and this grief is shared by many of the Republicans.

Although President Taft has a lot of suggestions for Congress to consider, that consideration is almost certain to "lose the name of action." The passing of appropriation bills where when they will do the most good is the program of the regulars, who are anxious to return to their homes and look after political fences. The fight in years is in prospect, and the elections next fall will doubtless result in placing many members in the rolls of the "dead ducks." The Democratic members think they have a chance to capture the House, and the Republicans are not unduly worried, they are not going to take any chances with important legislation which might prove unpopular.

It is not likely that anything surprising will develop in President Taft's message. In his recent tour he outlined his policies quite thoroughly, and these policies may be described

in a word as Rooseveltian, tempered by the wide difference in temperament between the present and former President.

One of his most important recommendations to "clinch the Roosevelt policies" will be for the establishment of a court of five members to expedite litigation over the decisions of the Interstate Commerce Commission. Under the new recommendation the President will seek to establish a court of experts. When the Interstate Commerce Commission holds that a rate is unreasonable, this court may decide upon a reasonable rate without delay with no appeal on the part of the railroads except to the Supreme Court. There will also be a recommendation in the message that the Interstate Commerce Commission have supervisory power over the issuing of stocks and bonds by interstate railroads. Mr. Taft will suggest a reorganization of the bureau of corporations, the Interstate Commerce Commission and the Department of Justice.

The narrowing of the scope of the Sherman anti-trust law is another recommendation that will be charged with the possibility of trouble in Congress. Mr. Taft will recommend that its application be limited to combinations and conspiracies to suppress competition and establish monopolies.

The message also will contain a recommendation for legislation relating to the issuing of injunctions. The President will make several definite suggestions of the administration's conservation and reclamation policy. He will urge the establishment of postal savings banks, but there will be no definite recommendation in this message for monetary legislation.

The President will recommend ship subsidies, especially for the development of lines on the Pacific and on the Atlantic between American and South American ports. A reorganization of the Alaska Government will be another in the long list of recommendations.

In this message President Taft will recommend the enactment of such laws as will make it impossible for "white slave" trade to exist in the United States. Representative Mann will introduce a bill having for its purpose the prevention of the traffic through the exercise of the power of the Government and foreign commerce.

The bill as drafted by Representative Mann makes the "white slave" traffic a crime punishable by a fine of not more than \$5,000 or imprisonment of not more than five years, or both, in the discretion of the court. It also makes it a similar offense to

### DEATH OF MR. LAMB.

Well-Known Citizen of Micanopy Section Passed Away Monday.

Information reached this city Monday of the death of A. G. Lamb, which occurred at his home near Micanopy Monday morning, after an illness of several weeks.

Deceased was about forty-five years of age, and has been residing in Micanopy and vicinity for many years. He was for some time engaged in the mercantile business at Micanopy, and later went into truck farming, in which he made a success. For the past two or three years, however, his health has been impaired, and he has been resting easily on his farm.

Deceased is survived by a loving wife and two children, to whom the sympathy of the community is extended.

The funeral will be held this morning, Rev. Mr. Long of the Baptist church officiating. Interment in Micanopy cemetery.

procure or aid in procuring a ticket to be used by a woman or girl in interstate or foreign commerce in going from one place to another in furtherance of a purpose of immorality.

The "cleaning up" of the customs service is another matter with which Congress is asked to wrestle. The Democrats have seized upon the recent exposures of "sugar trust" tactics as good campaign material, and they are not willing to "let sleeping dogs lie."

But when all is said and done Uncle Joe Cannon is the principal issue before Congress. To people throughout the nation, Republicans as well as Democrats, the Speaker has come to represent a system, more or less devilish, to which has been given the name of "Cannonism." While insisting that Uncle Joe is not nearly so black as painted, and, in fact, is not black at all, the regular Republicans find themselves unable to convince thousands of their constituents as to that assertion. And these constituents have votes, and an election is coming on, and so many Western members find themselves in what might be described as "a deuce of a fix." With conditions as they are, there is no doubt that the "iron man of American politics" finds himself facing the crucial moment of his career. Uncle Joe is mighty embarrassing to his Republican colleagues and to the administration at this juncture, and yet none has the nerve to feed him to the lions as a peace offering to the populace.

Meanwhile, Speaker Cannon does not appear to be unduly alarmed. He has a few cards up his sleeve, and he intends to play them early in the game. He has been looking up the records of the leaders among the insurgents and priming himself for the fray. Here is what he has to say for himself:

"Early in the season I intend to call a friend of mine to the chair and take the floor and speak as long as I am allowed. I tell you the fur is going to fly. Some people who profess to be Republicans will get the severest castigation that you ever heard. I intend to call a spade a spade. Some of these people who are ranting about the present tariff bill supported and helped frame the Dingley bill. Their present rampage is hypocrisy. Some of the men who talk of legislation being stifled will have their records shown up at my hands."

"Your old Uncle Joseph is going to talk in language that anybody can understand, and I promise that for virility it will rank as a masterpiece. It's time somebody showed these malcontents just where they stand. All this talk about legislation being stifled and the people not getting what they want is bosh. I believe in the rule of the majority. I have always followed that and the principles of my party. When Representatives attack me they are attacking their party and the great majority of the House."

Miami is soon to have a new savings bank. It will be opened for business about the first of February.

## PREPARE TO DECIDE DR. COOK'S CLAIMS

### Scientists of Copenhagen University Will Pass Upon Alleged Discovery of North Pole.

COPENHAGEN, Dec. 6.—With the arrival today of the North Pole records of Dr. Frederick A. Cook, no time will be lost by the University of Copenhagen scientists in deciding his claims. The committee for the consideration of the records has been organized, with Prof. Eljs Stromgren, director of the Astronomical Observatory, as the chairman. Walter Lonsdale, secretary to Dr. Cook, was custodian of the records on the trip across the Atlantic, and looked after them as carefully as if they had been jewels of untold value.

Dr. Cook's report, as has been declared, is a voluminous document containing some 30,000 words. Mr. Lonsdale said that the documents are in complete form and ready for the scientific scrutiny. The report and the records were under lock and key in the strong room of the steamer while she was at sea. The secretary expects that the Copenhagen University authorities will make public their opinion of the records by the first of the new year.

There have been rumors in circulation that the Cook records are not in possession of Mr. Lonsdale, and that they were sent on another steamer, because of an alleged plot hatched by Cook's enemies to secure and destroy them. No credence is placed in this report, and it is generally believed here that the records are in the hands of Dr. Cook's secretary.

New York, Dec. 6.—According to Dr. Cook's counsel, the records sent

to Copenhagen with 30,000 words of explanatory comment comprise only the data of the trip to the pole. The records of the trip back were left with the instruments in care of Harry Whitney at Etah.

To this was added the information that in addition to the records and explanatory matter Dr. Cook sent to Copenhagen fifteen or more affidavits about the Mount McKinley climb. Agents of the explorer obtained these affidavits last October in Montana. One of them is from a resident of Tacoma, who swore that Barrill, the guide, offered on October 1 to make affidavit that he and Dr. Cook had been to the top of Mount McKinley. Two days after this Barrill made his affidavit stating that Cook did not climb to the top of McKinley.

There is another affidavit found. A lawyer of Tacoma stated that a bank clerk of that city told him that Barrill had spoken of getting \$1,500 to make the affidavit against Cook. This bank clerk, when approached by Cook's agents, refused to make such an affidavit. Other affidavits that Dr. Cook has sent to the Copenhagen savants are from old neighbors of Barrill's in Darby, Mont., who say that Barrill often told them that he and Cook had scaled Mount McKinley.

Dr. Cook was not asked by the Danish scientists to send any proof of the Mount McKinley climb. It was explained by his legal representative that he was so deeply concerned over the attack on his veracity that he had decided to ship the batch of affidavits anyway.

### SPECIAL SCHOOL SERVICE.

Gainesville Graded and High School Honors Death of Jeff Davis.

In commemoration of the death of Jefferson Davis, the pupils of the Gainesville Graded and High School held special exercises Monday, which proved most impressive.

These exercises were conducted in the auditorium, and comprised prayer and an address by Prof. W. H. Cassels, and patriotic airs by the school.

The United Daughters of the Confederacy were represented at this service by special invitation.

### Sermon to Odd Fellows.

Center Lodge No. 11, Independent Order of Odd Fellows, enjoyed a fine sermon Sunday night at the Baptist church, the service being especially for the benefit of Odd Fellows and their friends.

The church was well filled upon this occasion, and Rev. J. J. Cloar, the pastor, delivered a most excellent discourse on the story of David and Jonathan, which was listened to with deep interest.

### OWENS-CAMERON.

A wedding ceremony was performed at the home of George Cantleberry Monday, the contracting parties being R. N. Owens and Miss Annie Cameron.

The contracting parties are well known and popular here, and their numerous friends extend congratulations.

Work on the city wharf at Panama City is said to be progressing rapidly.

## Evangelists Have Tackled Biggest Job of Their Lives

PITTSBURG, Pa., Dec. 6.—Fresh from their tour of the world, during which they have saved tens of thousands of souls, J. Wilbur Chapman, the evangelist, and Charles M. Alexander, the singer, are about to tackle the biggest job of their joint career. They will attempt to save Pittsburgh, and the Exposition Music Hall has been engaged for this evening, when the two men will deliver a soul-stirring address, and Mr. Alexander will endeavor to soothe the savage Pittsburgh

beasts with pious song. Ministerial conferences were held today to prepare for the Chapman-Alexander meeting. After saving Pittsburgh, the evangelists will have a try at New York, Chicago, Boston, Philadelphia, Minneapolis and Richmond. Gypsy Smith held a great series of religious rallies in the Smoky City some time ago, but while he met with some success, it is admitted by the ministers that the effects have now almost worn off and that Pittsburgh is as wicked as ever.

## Government Fighting To Recover Indian Lands

WASHINGTON, Dec. 6.—When the case is called in the United States Court of Appeals in St. Louis today, the Department of Justice will be ably represented by attorneys prepared to prosecute the fight against those persons who by various means secured from Indians of the five civilized tribes lands which the government maintains could not legally be alienated. The allotment restriction suits involve several thousand titles to Indian lands in Oklahoma. The suit was decided adversely to the Govern-

ment in the Federal Court of the Eastern district of Oklahoma, but the department of justice is prepared to fight the case to the limit, in the hope of recovering the lands for the Indians and clearing the titles. Regardless of whether frauds were originally perpetrated in securing the lands from the Indians, most of it is now held by innocent parties who purchased it in good faith, and if the Government succeeds in proving its case it will be a severe blow to thousands of Oklahoma settlers.

## LODGE OF SORROW SUNDAY AFTERNOON

LARGE AND APPRECIATIVE AUDIENCE GREETED ELKS.

Program Was a Most Impressive One, Embracing Numbers of Musical and Literary Nature.

The annual session of the lodge of sorrow, or memorial service, of Gainesville Lodge No. 990, B. P. O. E., was held in the lodge room Sunday afternoon, at which time a large and appreciative audience was in attendance. The ceremonies being of a public nature, and invitations having been generally extended, a great many ladies were present, and all enjoyed the excellent program which had been arranged.

A few minutes after 3 o'clock the Elks were ushered into the lodge room, marching in order from the rooms below, when the ceremonies were begun with Hon. Henry S. Chubb presiding.

Miss Ida Burkheim favored the audience with a piano selection while the Elks and their friends entered the room, and the meeting was opened with an invocation by Rev. J. J. Cloar, pastor of the First Baptist church.

The invocation was followed by ritual work, after which Miss Pedrick rendered a delightful vocal solo by Wagner, with Mrs. L. Becker as accompanist.

Hon. Robt. E. Davis was on the program for an address, but was detained on account of illness. His place was admirably filled by Col. Chubb, however, who delivered a short but impressive talk on Elksdom, which was followed by a recitation, "The House by the Side of the Road," by Miss Sadler.

There were other ritualistic ceremonies, after which Mr. Maddock rendered a delightful solo, "A Song of Praise," accompanied by Mrs. B. F. Hampton on the piano.

The literary treat of the afternoon was the memorial address by Dr. A. A. Murphree, president of the University, who delivered one of the most impressive talks ever heard along the particular subject of Elksdom. Being himself a member of the order, Dr. Murphree had the advantage of his subject, and all who heard him felt better for being present. Dr. Murphree is an eloquent speaker, and upon this occasion appeared at his best. He referred to many good points of the order among the living, and paid the highest reverence and tribute to the departed brothers to the memory of whom the Elks all over the world had gathered on this sacred occasion.

The lodge and audience sang "Nearer, My God, to Thee," followed by ritual service, after which all joined in singing "Auld Lang Syne." Rev. Thos. P. Hay of the First Presbyterian church pronounced the benediction, and during a recessional by Miss Edina the audience retired, feeling that this was one of the most impressive services ever held by Gainesville lodge.

### Judge Hocker Weds.

Judge William A. Hocker of the Supreme Court of Florida was married Wednesday at Roanoke, Virginia, to Miss Mattie Norvell Glover, at the home of the bride's mother. The marriage was very quietly solemnized, after which Judge and Mrs. Hocker left for Atlanta for a few days, and will reach Tallahassee about the tenth of the month. They will come to Ocala for Christmas, and will be guests of Judge Hocker's son and daughter-in-law, Mr. and Mrs. William Hocker.

Judge Hocker, until he was elevated to the Supreme Court bench, was a resident of this city, and still holds his citizenship here, always coming home to vote on all questions. He is one of our most distinguished citizens, and his friends here offer him their most cordial good wishes, and will be delighted to welcome Mrs. Hocker when she comes to Ocala to visit.—Ocala Banner.

SALES REACHED \$9,000.

First Day of Hampton-Watson Company Sale Proved Big Success.

Nine thousand dollars seems a heap of money to be piled into the aggregate of one day's business in real estate transactions, when the sale is comprised of several lots, but such was the remarkable success Monday of the big sale which the Hampton-Watson Realty Company inaugurated, when they placed the University Place property on the market at private sale, but attractive terms.

Mr. Watson, in speaking to a Sun representative yesterday, stated that he was well pleased with the result, but it was no more than he expected, as Gainesville is the coming interior city of the State. He says he came to Gainesville to make his home because he had confidence in its future, and every purchaser who entered into a contract for a lot in University Place manifested the same confidence. Many of those who have purchased will erect nice homes, and this plot is destined to become one of the most prominent in the upbuilding of Gainesville.

### A Hearty Appetite

Is what most babies have, but is of no benefit to them if they have worms. Be sure your baby is not troubled with them. Sure symptoms—always hungry, rings under the eyes, not gaining in weight and yellow complexion. A few doses of White's Cream Vermifuge will expel all worms. It is a positive cure and reliable. Price 25 cents per bottle. Sold by W. M. Johnson.

### Death of Mrs. Avera,

Mrs. Alex Avera, thirty-eight years of age, died at her home on East Union street Sunday at 12:30 o'clock.

Deceased is survived by three children, William N., Ray and Jack Avera, to whom the sympathy of the community is extended.

The funeral will be held from the residence at 10 o'clock this morning, Rev. F. R. Bridges of the First Methodist church, assisted by Rev. S. B. Rogers, officiating.

The following gentlemen will act as pall-bearers, and are requested to meet at the stables of Crawford & Davis at 9:45 o'clock: W. W. Hampton, E. E. Voyle, E. E. Cannon, E. A. Cooper, M. H. DePass, C. A. Colclough.

### DR. AND MRS. WALDO RETURN.

Dr. Waldo Made Special Study While Away, and Will Equip Fine Office.

After an absence of several weeks, Doctor and Mrs. Geo. S. Waldo have returned to the city.

Most of their time was spent in Washington, D. C., where Dr. Waldo entered upon post-graduate studies in X-Ray work, under Dr. W. H. Merrill, radiographer in charge at Garfield Memorial Hospital, George Washington Hospital, Instructor in Electrotherapeutics in George Washington University and one of the foremost X-Ray experts in this country.

Dr. Waldo has purchased and will install in his dental office a large modern X-Ray coil and accessories, which together with his recent training will enable him to make a perfect skiagraph of any part of the body.

The employment of the X-Ray in dentistry and medicine is certainly up-to-date, scientific and of proven merit, marking a most wonderful advance in the scientific world. By its use the heart, lungs and other organs, the bone, teeth, etc., in the living subject, may be seen, studied and transferred to the photographic plate where they are studied at leisure. As a sure method of diagnosis in many cases, it has become recognized by not only the leading schools in medicine and dentistry, but the leading men in the professions.

### SOCIETY WOMEN'S HAIR.

A Simple Treatment That Will Make It Truly Fascinating—W. M. Johnson Guarantees It.

Nowadays every up-to-date woman has radiant hair.

What a foolish creature a woman would be if she lost the opportunity to add to her attractions.

Yet in America today there are hundreds of thousands of women with harsh, faded characterless hair who do not make any attempt to improve it.

In Paris most women have beautiful hair, and in America all women who use Parisian Sage have lustrous and luxuriant hair.

And any woman reader of The Sun can have attractive and lustrous hair in a few days' time by using this great hair rejuvenator, Parisian Sage.

W. M. Johnson sells a large bottle for 50 cents and he guarantees it to banish dandruff, stop falling hair and itching scalp in two weeks or money back.

Parisian Sage is an ideal hair tonic, not sticky or greasy and is sold by leading druggists everywhere. The girl with auburn hair is on every bottle. Mail orders filled by American makers, Giroux Mfg. Co., Buffalo, N. Y.

# Ford

# Ford

The Ford Car is not claimed to be the car that everybody's been waiting for with bated breath and outthanking tongue, the car that never would break down and that will run 50 miles on a gallon of gasoline. No. Such claims are intended for all "easy marks," who will sooner or later pay for it dearly if they take it seriously.

## But One Thing the Ford People Do Claim---

That is, that they do build the Best Car that money, experience and mechanical skill can put together. For over 10 years Ford has built automobiles and has built more cars than anybody else in the world, and most of the cars are still running. They are finishing and equipping now nearly a hundred Ford Cars every day, and still they are behind with orders.

## There Must Be A Reason Why!

All the cars owned in Gainesville are of the best standard makes. They are all good cars, but some of them are a little better than others and the Ford is one of them. There is no use knocking all other cars, trying to sell your own. Usually the man who "knocks" does not have anything of value to offer himself. An automobile should be sold on its merits—not on imaginary defects of other cars. The Ford Car has received more than its share of knocking here, but things are changing. It is more than six months since the first Ford Cars arrived here in town, and they have "made good"—they have a record second to none, regardless of price—always ready to go, always able to come back, very seldom seen in repair shop, unless taking a rest cure or driven in out of rain.

### A Man in Jacksonville Started a Taxicab Business

Not long ago. It was a business proposition with him and also an investment of about fifty thousand dollars. He traveled all over the United States, making a special study of all the makes of cars and then

## He Bought Fords

He did not fall in love with the name of the car, nor was he charmed with the personal good looks of the selling agent. No—it was simply this: He needed cars that had the least chance of breaking down, that would be the cheapest to operate and would have the longest life and lasting qualities of any car made. Remember this when you are getting ready to buy a car.

## The Ford Car Is the Easiest Car to Operate It Is a Ladies' Car

No side levers to pull up and down and throwing the clutch in and out while changing speeds—your both hands remain on the steering wheel all the time while driving. A pressure with your left foot starts the car on low speed, releasing the pressure engages the high-speed, the next pedal is the reverse gear and the next to the right is the foot brake for slowing down or stopping instantly. It also has an emergency hand-brake, but which is seldom ever used. Everything is controlled with your feet, so that all you have to do is to watch the road and enjoy life. Now, if you can remember this, you can drive a Ford Car.

The Ford factory is doubling its output for next year but still there will be a shortage of cars.

## Gainesville Will Get Only a Limited Number, But a Carload Will Soon be Here and If You Want One Reserved for You

Deposit \$100 in Dutton Bank as first payment and balance payable on delivery. The price of a Ford Touring Car for five people, complete with top, glass front, speedometer and lamps, is \$1,000—delivered in Gainesville. Tourabout \$1,000, and Roadster \$950, everything complete—there is nothing extra to buy.

It is to your own interest to investigate the Ford before buying a car. Get a catalogue, take a ride in the car, notice the easy-riding qualities and the elegant finish of the car, and then consider the price—the rest is left to your own sane judgment and common sense.

As real estate is the only true basis of wealth, so is it the basis of domestic happiness, and the highest human endeavor, for who can think of perfect domestic happiness in a rented home, and what man ever attained the fullness of his stature either as husband, father or citizen, who had no home he could call his own? Such a man has not only dwarfed himself, but has robbed his wife of one of the sweetest joys of woman's existence, and his children of childhood's proudest and best heritage, the memories of home. The foundation of society, municipalities, States and governments, began with the owning of homes, and civilization has progressed only in such measure as the love of home and country has grown in the hearts of men. Every living thing has a home, save the improvident man. It may be humble, and may be far from satisfactory, but it is a home. The improvident man, he and his, are the only homeless things upon the earth. Be not such a man. OWN YOUR OWN HOME. WE WILL HELP YOU.

## Women Suffer Agonies from Diseased Kidneys

### And Most Women Do This Not Knowing the Real Cause of their Condition

These poor, suffering women have been led to believe that their misery of mind and body is entirely due to "ills of their sex." Usually the kidneys and bladder are responsible—or largely so. And in such cases, the kidneys and bladder are the organs, that need and must have attention.

Those torturing, enervating sick headaches, dragging pains in back, groin and limbs, bloating and swelling of the extremities, extreme nervousness or hysteria, listlessness and constant tired, worn-out feeling—are almost certain symptoms of disordered and diseased kidneys, bladder and liver.

DeWitt's Kidney and Bladder Pills have, in thousands of cases, been demonstrated as remarkably beneficial in all such conditions of female organism—affording the most prompt relief and permanent benefit.

As an illustration of what these Pills will do, Mrs. P. M. Bray of Columbus, Ga., writes that she was very ill with kidney trouble, and that she is now well—and that these Pills are what cured her.

They are very pleasant to take, and can in no case, produce any deleterious effects upon the system—as syrupy, alcoholic, liquid preparations are apt to do.

E. C. DeWitt & Co., Chicago, Ill., want every man and woman who have the least suspicion that they are afflicted with kidney and bladder diseases to at once write them, and a trial box of these Pills will be sent free by return mail post-paid. Do it to-day.

#### G. A. R. TO MEET.

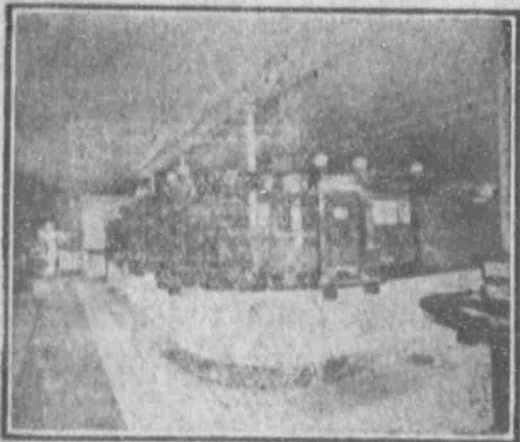

Annual Election of Officers of This Organization to Be Held Today.

The annual meeting of Lew Wallace Post, G. A. R., will be held in the Dutton Bank today, when the election of officers will be held, and other business coming before the meeting will be transacted.

The meeting will be called to order at 10:30 o'clock this morning, and full attendance is desired. All visiting members of the G. A. R. are extended a cordial invitation, and it is hoped they will attend. There are more members of this order from every section of the United States in Gainesville now than ever before at this season of the year, and many of them will make their winter home here.

Stops itching instantly. Cures piles, eczema, salt rheum, tetter, itch, hives, herpes, scabies—Doan's Ointment. At any drug store.

#### BASKET BALL THURSDAY.

Town Team Versus Junior High School Team at the Ball Park.

Thursday afternoon another exciting and interesting basket ball game will be played at the ball park. This time the two teams that will participate in the fun will be the Town Team and the Junior High School team. The game will be called promptly at 3:30.

The captain of the Town Team is trying to arrange a schedule of games with out-of-town teams; this will make things even more exciting. In all probability a game will take place the latter part of next week with the Duval High School team of Jacksonville, and later on Stetson and Rollins will probably compete with the Gainesville team for basket ball honors. So everybody come out and help the home teams, and encourage the girls.

Remember the date, Thursday, Dec. 9th. Price of admission, 25 cents to all.

#### Sunday School Conference.

Mr. Flake of Mississippi, Mr. Crossland of Tennessee and Mrs. Brown of Tampa arrived in the city last evening and gave their introductory work last night at the Baptist church on Sunday school work.

These people are experts in their special line of work, and our people have the greatest opportunity ever offered them of learning how to succeed in this great work. The local workers are stirring the city taking the religious census and great things may be expected from this effort. Let everyone avail themselves of this great opportunity. Don't forget, at the First Baptist church tonight and Wednesday night.

#### Funeral of Mr. Turner.

The funeral of James M. Turner of Lake View, the sad death of whom occurred in this city Saturday morning, was held at a late hour Sunday afternoon in Oak Ridge cemetery, near Micanopy, Rev. Mr. Sistrunk of the Methodist church officiating.

The services were largely attended, friends of the deceased coming from every section of the county. The ceremonies at the grave were very impressive.

Mr. Turner will be missed in his section, as he was a man generous almost to a fault. The information of his death was received with a source of deep regret.

#### Her Heart Was Broken

Because her complexion was bad and she could find nothing to clear it up. Ladies—a bad complexion is caused by an inactive liver. An inactive liver will be put in perfect condition by taking Ballard's Herbine. The unequalled liver regulator. Sold by W. M. Johnson.

#### MR. MURPHY TRANSFERRED.

Former Special Agent Now in United States General Land Office.

Ed V. Murphy, Jr., for some time chief clerk in the office of Division Chief A. Paul of the United States general land office in this city, later a special agent in North Dakota, has been assigned to special work in the general land office at Washington, and his numerous Gainesville friends will extend congratulations upon what they look upon as a deserved promotion.

Mr. Murphy is a man of exceptional ability, and was well liked among his co-workers in the office here.

#### The Correct Time

To stop a cough or cold is just as soon as it starts—then there will be no danger of pneumonia or consumption. Just a few doses of Ballard's Horehound Syrup taken at the start will stop the cough. If it has been running on for sometime the treatment will be longer, but the cure is sure. Sold by W. M. Johnson.

NEWS OF CITY AND  
COUNTY CONDENSED

L. Stevens of Waldo was among visitors to the county capital yesterday. He called at The Sun office and renewed his subscription for another year.

For a mild, easy action of the bowels, a single dose of Doan's Regulets is enough. Treatment cures habitual constipation. 25 cents a box. Ask your druggist for them.

W. Harrison, division chief of the agents of the United States land office, left yesterday for Ala., where he will spend the few days on official business.

W. Harrison and son, Joseph, left for the city from the Antioch section yesterday. They brought a load of turkeys and pork, which was sold of readily at good prices.

W. Holzendorf of St. George was in the city yesterday. Mr. Holzendorf states that there are a number of people at St. George now, notwithstanding that this is a season when the majority seek anything but a resort.

The best pill is DeWitt's Little Early Breeze—the safe, easy, pleasant and little liver pills. DeWitt's Carbol Witch Hazel Salve is the best. Good for cuts, burns or sores, and especially for piles. Sold at all druggists.

Mr. C. Alworth of Lukens was in the city yesterday. Mr. Alworth has recently gone into the manufacture of pine lumber at Lukens, and has one of the most modern plants in this section of the country, with a cutting capacity of 35,000 feet per day, which he proposes to increase as the demand requires.

R. B. Layton, formerly of this city who has been making his home in New York for the past five or six years, is here on a visit to his brother, R. Layton. Mr. Layton is now proprietor of a laundry in Canisteo, a suburb of Cornell, N. Y. His friends are glad to welcome him to his old home, and also to know that he is prospering.

The next time one of the children is cold, give it something that will soothe and freely but gently move the bowels. In that way the cold will be driven out of the system.

Doan's Laxative Cough Syrup soothes the bowels promptly and freely, and at the same time heals inflammation and stops the cough. It is especially good for children. Sold at all druggists.

A. Anderson of Bronson, who has been here for the past few weeks assisting in the Gainesville National Bank as a bookkeeper, has returned to his home. Mr. Anderson has got the "flu fever," and expects to leave within the next few weeks for New York, where he will make his future home. He is a son of Hon. W. H. Anderson of Bronson, for many years an assessor of Levy county.

Well Known People Wed.

In the office of County Judge H. G. Brown Monday morning there was a marriage ceremony, Justice R. W. Brown of Hague having the pleasure of officiating.

The contracting parties were W. L. Brown and Miss Mary E. Brown.

Dr. E. B. Howell of Newberry was in the city yesterday. Dr. Howell's friends will regret to learn that he will soon leave Alachua county, as he has decided to locate either in Jacksonville or Valdosta, Ga. He has been a resident of Newberry for several years, during which time he accomplished a great deal in the upbuilding of that town, owning one of the handsomest brick buildings in the West End. His brother, Lute Howell, who has also done a great deal towards improving Newberry, expects soon to engage in the naval stores business.

The symptoms of kidney trouble are urinary disorders, weak back and back ache, rheumatism and rheumatic pains and twinges, pains in the groin, etc. There is nothing as good for kidney and bladder trouble as DeWitt's Kidney and Bladder Pills. You may depend upon them to give entire satisfaction. They are antiseptic, act promptly and soothe pain. Sold by all druggists.

## A LIBERAL OFFER

J. W. McCollum & Co. Guarantee a Relief for Dyspepsia. If the Remedy Fails It Costs Nothing.

To unquestionably prove to the people that indigestion and dyspepsia can be permanently relieved and that Rexall Dyspepsia Tablets will bring about this result, we will furnish the medicine absolutely free if it fails to give satisfaction to anyone using it.

The remarkable success of Rexall Dyspepsia Tablets is due to the high degree of scientific skill used in devising their formula as well as to the care exercised in their manufacture, whereby the well-known properties of Bismuth-Subnitrate and Pepsin have been combined with Carminatives and other agents.

Bismuth-Subnitrate and Pepsin are constantly employed and recognized by the entire medical profession as invaluable in the treatment of indigestion and dyspepsia.

The Pepsin used in Rexall Dyspepsia Tablets is prepared by a process which develops its greatest efficiency. Pepsin supplies to the digestive apparatus one of the most important elements of the digestive fluids, and without it the digestion and assimilation of food are impossible.

The carminatives possess properties which aid in relieving the disturbances and pain caused by undigested food. This perfect combination of these ingredients makes a remedy invaluable for the complete relief of indigestion and dyspepsia.

We are so certain of this that we urge you to try Rexall Dyspepsia Tablets on our own personal guarantee. Three sizes, 25 cents, 50 cents and \$1.00. Remember you can obtain Rexall Remedies in Gainesville only at our store—The Rexall Store. J. W. McCollum & Co., corner East Main and Union streets.

Breden of Hague and Mrs. Nancy Stalling of Graham, both well known throughout that section of the county.

When Justice Small came to town on other business he did not dream he would be called upon to perform a marriage ceremony, but upon being requested to do so by the groom he was equal to the occasion, and, as he expressed it, "done right well," considering he did not have his ritual.

The congratulations of friends are due Mr. and Mrs. Breden, with best wishes for a long and happy married life.

## Off on a Trip.

E. B. Brown, Lee Graham and Wade Hampton have gone to the Halle homestead at Kanapaha, where they expect to "wake the birds up" for the next few days.

This is a jolly trio, and inasmuch as all are marksmen of recognized ability, friends may feel sure that they will not suffer for want of plenty of good game.

The trio went well prepared for a good time, carrying a thousand shells and plenty of good stuff to eat in the event that there would be difficulty in "scaring up" the birds. It goes without saying that there will be plenty to eat, whether the game runs or not.

## Will Leave Newberry:

Dr. E. B. Howell of Newberry was in the city yesterday. Dr. Howell's friends will regret to learn that he will soon leave Alachua county, as he has decided to locate either in Jacksonville or Valdosta, Ga. He has been a resident of Newberry for several years, during which time he accomplished a great deal in the upbuilding of that town, owning one of the handsomest brick buildings in the West End. ## WORK ON WEST MAIN.

Force is Putting This Highway in Good Passable Condition.

Under the supervision of C. C. Pedrick, who was appointed special superintendent of the work of grading and leveling up West Main street S., as per a recent order of the City Council, this work is progressing nicely, and in a short time those who desire may use the street with some satisfaction.

Of all the thoroughfares of the city West Main street has been the most sadly neglected, owing to the fact that the council has been for the past few years endeavoring to induce the Atlantic Coast Line, which line monopolizes that highway, to do something in the matter of repairing it, but so far without avail.

Mr. Pedrick states that it is his intention to repair the street on both sides as far as the railroad crossing, which will certainly afford relief to the public.

## CHEAPEST ELECTRIC RATE YET.

Pasadena Gives Example in Municipal Ownership.

LOS ANGELES, Cal., Dec. 6.—The Pasadena Council has established a new price for electric energy, fixing the rate of municipal electricity to users of over 2,000 kilowatt hours a month at 3 cents for each kilowatt hour.

"Although this is the lowest rate in the United States," declared Manager C. W. Kolner, of the municipal lighting system, "we can make money at this figure, pay interest on the bonds and establish a sinking fund. It is a triumph for municipal ownership of an electric generating plant."

## For HEADACHE—Hicks' CAPUDINE.

With a desire to keep up with the times, R. T. Schafer, proprietor of the Keystone Bakery, has just installed a handsome new wagon, which appeared on the street for the first time Saturday. The wagon is a product of the factory of Benson & Son, and its workmanship is a credit to that firm.

Dr. Armstrong, the well-known Jacksonville eye specialist, will make his next visit to Gainesville Dec. 7th, the first Tuesday in December. The Doctor specializes on all forms of complicated eye trouble and the overcoming of headaches and nervousness without drugs, and straightens cross-eyes without knife. Office, Brown House—one day only, Dec. 7th.

Captain J. A. Tucker, for many years a citizen of Rochelle but now residing in Ocala, is in the city, and his numerous friends are glad at the opportunity to shake his hand again. Miss Winnie Tucker, his daughter, is visiting Mrs. C. D. Butts at Rochelle. Captain Tucker for several years held the political reins in the Rochelle precinct, and always came out successful.

### Freak Fruit Cake.

Many housewives would say fruit cake made without butter was a freak. The recipe below will, however, give you as rich, flavorful a fruit cake as you ever tasted; yet there is no butter in it:

Mix four cups sifted pastry flour, one level teaspoon soda, two level teaspoons mixed spices (except cloves), one-fourth level teaspoon salt and two cups seeded and quartered raisins. Add also one-half cup nuts chopped fine, if you like. Blend one-half cup Cotto-lene with one cup brown sugar and one cup white sugar, add one cup molasses, one cup milk and then the flour mixture. Beat well and bake in two pans.

Cottolene is used exclusively by many housewives for all frying and shortening purposes.

## The Big Furniture Store

We Would Call  
The Public's  
Attention....

To the fact that everything carried in a Furniture store is on the upward tendency in price.

We are advised by all manufacturers that after December 1st all former price lists will be advanced 15 to 20 per cent. Our stock is large. We have bought with this advance in view, and therefore we can sell you goods without putting on the advanced price. These prices can't remain very long, so we would advise all contemplating purchasers to come, send or write to the Big Furniture Store for prices. The quality of goods will show for itself.

We are getting fresh and up-to-date goods daily.

See US before buying.
